DECO How to Order • Order Form

For us to process your request efficiently, please fax or email back a fully completed quote and order form.

Forms can be downloaded at
www.bradleycollection.com/support/quote-order-forms/

shown is a filled in example of a quote & order form.

- 1 **Diameter** Choose the diameter.
- 2 **Finishes** Choose required finish.
- 3 **Finials** Choose required finials.
- 4 **Pole Length** State required pole length and note whether measurements are 'pole length' or 'pole & finial length'.
- 5 **Brackets** Choose bracket style and projection.
- 6 **Rings** State required quantity of rings.
- 7 **Accessories** State required quantity of accessories if required.
- 8 **Additional Requirements** Let us know of any other requirements
- 9 **Order Declaration** Sign and date the form

DECO How to Order • Bay Form

- When ordering a bay, a bay measuring form must be completed in addition to a quote and order form.
- Before going into production, all bays are mathematically checked. If it is found that the measurements are out of Bradley's tolerances, the measurements will need to be rechecked. accurate measurements are critical to having a perfect fitting bay.
- Standard bays are shown; more complex bays are also available. In some instances, a template will be required. Templates are always required on continuous curves that are not a perfect curve. On more complicated bays, a CAD drawing will be provided. if supplied, Bradley can also work with client CAD files.
- All bays that come in more than one part are joined with connectors; Joins must always be supported with a bracket. If there are any requirements on where the joins need to be placed, please specify this on the order form.
- Bays are packed in sections and pole ends are labelled consecutively for ease of fitting.

Shown is a filled in example of a bay measuring form.

- Directions for measuring a bay** Read the directions. if there are any questions concerning the correct way to take wall measurements, please contact us.
- Collection & Diameter** Select the collection Select the type of bay and fill in the measurements.
- Details** Specify the finial location, and if the pole is a ceiling mounted or a double pole.
- Order Declaration** Sign and date the form. Bay orders will not be accepted without these items complete.

Directions for measuring a bay

1 Use a metal tape measure and ensure you have help.

2 Measure the wall at the height the pole will be fitted.

3 Mark measuring points lightly with pencil to ensure consistency.

4 Measure wall dimensions not pole dimensions.

Bradley's bay checker app available from the App Store and Google Play.

Primarily for use by interior designers and fitters, the simple step-by-step guide and check functionality means that your clients could also provide reliable self-measurements if required.

Suitable for pole or track projects, including optional return bend measurements.

A genuine time saver as the job of measuring only ever needs doing once.

DIAMETERS

DECO Diameters

Poles are cut, bent and curved to suit individual requirements.
When calculating the length of your pole, remember to allow tolerance beyond the width of the frame for the curtains to draw back to the edge of the window.

Maximum pole length in one piece 2.4 (94").
Poles exceeding the recommended maximum distance between brackets, will be cut into equal parts unless otherwise specified. Pole joiners will be supplied. Mid or passing brackets should be placed at every join.

Pole Diameter's - Ø50mm (2")

The overall pole cost is rounded up in 300mm (1ft) increments.

Diameter	Recommended maximum distance between brackets	Recommended curtain type for pole diameter	Minimum bend radius
Ø50mm (2") Brass	2400mm (96")	Heavy weight interlined curtains	R200mm (8")
Ø50mm (2") Wood	2400mm (96")	Heavy weight interlined curtains	R200mm (8")

POLES

Providing pole lengths

Pole lengths can be specified in two ways.

Option A is our preferred method. This covers Pole length only. **Option B** combines pole and finial lengths.

Poles are cut, bent and curved to suit individual requirements. When calculating the length of your pole, remember to allow tolerance beyond the width of the frame for the curtains to draw back to the edge of the window.

Maximum pole length in one piece 2.4 (94"). Poles exceeding the recommended maximum distance between brackets, will be cut into equal parts unless otherwise specified. Pole joiners will be supplied. Mid or passing brackets should be placed at every join.

Pole Diameter's - Ø50mm (2")

The overall pole cost is rounded up in 300mm (1ft) increments.

Diameter	Recommended maximum distance between brackets	Recommended curtain type for pole diameter	Minimum bend radius
Ø50mm (2") Brass	2400mm (96")	Heavy weight interlined curtains	R200mm (8")
Ø50mm (2") Wood	2400mm (96")	Heavy weight interlined curtains	R200mm (8")

Joining Poles

Where ever there is a join in the pole, this must always be supported by a bracket.

Bespoke Bays

Bradley's bespoke service allows poles to be specifically made for unique bay windows and complex long span installations. Poles can be shaped to create a system that follows contours. Passing rings have been designed to traverse over brackets and around bends. Using a double pole system in a bay window can create an elegant as well as practical treatment.

Grey • Raven **Coat Options** Paint on Tulip Wood (p)

50mm (2") continuous curve - 300mm (1ft)

* Please note wood is a natural product, wood grain and colour may vary between pole sections

BRACKETS

DECO Brackets

Bradley offers a wide selection of brackets to fit most installations. The main categories are side, mid, ceiling, double and recess brackets. If the standard brackets will no work, custom brackets are available.

Side Brackets

are available in both single pole and double pole configurations. they are usually mounted towards the ends of poles for greater support. they have a vertical back plate that allows for the greatest fixing area.

Mid Brackets

Are used in the mid points of the system. A bracket is always required when poles are being joined. Every join requires a mid bracket. Mid brackets have a smaller horizontal back plate that provide support while also allowing clearance for window elements like moulding.

Passing Brackets

Like mid brackets are used in the mid points of the system and when used with passing rings allow the curtains to traverse the brackets. A bracket is always required when poles are being joined. A passing bracket is required at ever join. Passing bracket have a smaller horizontal back plate that provide support while also allowing clearance for window elements like moulding.

Projection

Is a the distance from the back of the wall to the center of the pole. This measurement roughly donates the distance from the wall that the curtain will drop. It is important when calculating wall clearance.

Fixing Plate Size

Is the size of the back plate when mounted on the wall. It is used to compute any possible clearance issues.

Passing brackets and passing rings allow drapes to traverse around bays and multi-pole systems. passing is available on single pole systems. Passing will only work if the system is correctly installed and the drapes are properly made and attached to the rings.

Passing do's & don'ts

1. Do make sure the top of the drapery ends underneath the main ring and does not touch or go above the bottom of the ring.
2. Always have the drapery hook perpendicular to the ringlet. Ringlets should not be sewn into a pinch pleat.
3. Be sure to have very little to no puddle on drapery, especially if the fabric is stiff. A stiff header can also cause the rings to not move freely.
4. If using lightweight or sheer fabric, the fabric needs to be weighted enough to pull the rings into the correct passing position.
5. Passing rings are not recommended with draw rods.

DECO Brackets • Curtain Drops

The information below shows the relationship between the pole, brackets and rings. this will enable the correlation between pole heights and curtain drops to be easily calculated.

50mm (2") Single Brackets

DECO Brackets • Single Bracket - Side

Finishes Aged Brass* • Waxed Brass • Polished Brass* • Polished Nickel - Can be specified at twice the cost of the standard finish
Alabaster • Dusk • Granite • Slate • Flint • Barley • Dove • Millstone • Clay • Cocoa • Cloud • Ceramic • Bone • Cream • Parchment • Damson • Moss • Smoke • Frame
Grey • Raven **Coat Options** Matte (m) • Satin (s) • Gloss (g) Platinum • Champagne • Gold • Cognac • Gunmetal • Antique Brass • Pewter • Bronzed **Coat Options** Satin (s) • Gloss (g)

50mm (2") Single Bracket - Side

* Brass finishes are supplied unlacquered & will tarnish over time a clear lacquer may be applied on request as a custom finish.

DECO Brackets • Single Bracket - Mid

Finishes Aged Brass* • Waxed Brass • Polished Brass* • Polished Nickel - Can be specified at twice the cost of the standard finish
Alabaster • Dusk • Granite • Slate • Flint • Barley • Dove • Millstone • Clay • Cocoa • Cloud • Ceramic • Bone • Cream • Parchment • Damson • Moss • Smoke • Frame
Grey • Raven **Coat Options** Matte (M) • Satin (S) • Gloss (G) Platinum • Champagne • Gold • Cognac • Gunmetal • Antique Brass • Pewter • Bronzed **Coat Options** Satin (S) • Gloss (G)

50mm (2") Single Bracket - Mid

* Brass finishes are supplied unlacquered & will tarnish over time a clear lacquer may be applied on request as a custom finish.

DECO Brackets • Single Bracket - Passing

Finishes Aged Brass* • Waxed Brass • Polished Brass* • Polished Nickel - Can be specified at twice the cost of the standard finish
Alabaster • Dusk • Granite • Slate • Flint • Barley • Dove • Millstone • Clay • Cocoa • Cloud • Ceramic • Bone • Cream • Parchment • Damson • Moss • Smoke • Frame
Grey • Raven **Coat Options** Matte (M) • Satin (S) • Gloss (G) Platinum • Champagne • Gold • Cognac • Gunmetal • Antique Brass • Pewter • Bronzed **Coat Options** Satin (S) • Gloss (G)

50mm (2") Single Bracket - Passing

* Brass finishes are supplied unlacquered & will tarnish over time a clear lacquer may be applied on request as a custom finish.

RINGS

DECO Rings

Finishes Aged Brass* • Waxed Brass • Polished Brass* • Polished Nickel - Can be specified at twice the cost of the standard finish
Alabaster • Dusk • Granite • Slate • Flint • Barley • Dove • Millstone • Clay • Cocoa • Cloud • Ceramic • Bone • Cream • Parchment • Damson • Moss • Smoke • Frame
Grey • Raven **Coat Options** Matte (M) • Satin (S) • Gloss (G) Platinum • Champagne • Gold • Cognac • Gunmetal • Antique Brass • Pewter • Bronzed **Coat Options** Satin (S) • Gloss (G)

50mm (2") Ring

* Brass finishes are supplied unlacquered & will tarnish over time a clear lacquer may be applied on request as a custom finish.

DECO Rings • Passing

Finishes Aged Brass* • Waxed Brass • Polished Brass* • Polished Nickel - Can be specified at twice the cost of the standard finish
Alabaster • Dusk • Granite • Slate • Flint • Barley • Dove • Millstone • Clay • Cocoa • Cloud • Ceramic • Bone • Cream • Parchment • Damson • Moss • Smoke • Frame
Grey • Raven **Coat Options** Matte (M) • Satin (S) • Gloss (G) Platinum • Champagne • Gold • Cognac • Gunmetal • Antique Brass • Pewter • Bronzed **Coat Options** Satin (S) • Gloss (G)

50mm (2") Passing Ring

* Brass finishes are supplied unlacquered & will tarnish over time a clear lacquer may be applied on request as a custom finish.

DECO Rings • Wood Ring

Finishes Aged Oak • Jacobean Oak • Antique Mahogany • Ebony
Alabaster • Dusk • Granite • Slate • Flint • Bailey • Dove • Millstone • Clay • Cocoa • Cloud • Ceramic • Bone • Cream • Parchment • Damson • Moss • Smoke

Specialised fixings for mounting brackets will be required in certain situations and are not provided as standard.

Steel items are not recommended for damp conditions such as shower rooms.

Crystal finials and acrylic poles should not be positioned in direct sunlight, and are not suitable for use in conservatories.

Brass items are supplied unlacquered and will tarnish over time.

The Bradley Collection reserves the right to modify design and materials without prior notice as part of a process of continual product improvement. Due to printing limitations, colours in this brochure may not be accurate.

Products are protected by Design Rights, under provisions of Copyright, Designs & Patents Act 1988.
